NOW, THEREFORE, THIS RESTATED DECLARATION OF RESTRICTIONS shall, effective May 1, 2015, supersede the 2003 Restated Restrictions and the Amendments as to all of the Property.

The Association hereby declares that all of the Property shall be held, sold and conveyed subject to the following restrictions which are adopted and restated for the purpose of protecting the value and desirability of and which shall run with the Property and be binding on all parties having any right or title to or interest in the Property or any part thereof, their heirs, successors and assigns, and shall inure to the benefit of each present and future owner thereof.

means of transportation on or in the water, including but not limited to, power boats, rowboats, sailboats, kayaks, canoes, inflatable rubber boats, rafts, jet skis and other personal watercraft, but does not include items such as air mattresses, beach and water toys, or single inner tubes.

(1) Upon all matters that come before the members of the Association, each member who is the owner (by deed or contract) of one such Building Site shall have one vote and each member who is such owner of more than one such Building Site shall have as many votes as there are such Building Sites of which said member is such owner; provided, however, that in the case of joint ownership of a Building Site or Building Sites, the joint owners shall be considered as a single voting unit and entitled to one vote only for each Building Site so jointly owned.

(2) Each member of the Association shall have such an undivided interest in all the property of the Association as is represented by the ratio of the number of votes to which such member is entitled to the total number of numbered Lots included within the Property or within any other property which heretofore has been or which shall hereafter be platted as Cedar Hills; provided, however, that such interest is and shall be appurtenant to the Building Site within the Property of which such member is the owner.

vehicle that is principally designed, used, or marked for purposes of a government or non-profit organization, but which otherwise complies with the restrictions imposed by this subparagraph (h), to be parked upon a Lot upon such terms and conditions as the Board may impose with respect to such vehicle if the Board determines that granting such permission for that vehicle will reasonably assist the government or non-profit organization or its agent or employee and does not unreasonably adversely affect the Association.

(i) It shall be the duty of the owner and occupant of any Building Site to maintain the entire site free of litter, waste or other refuse at all times. If the Association sends two notices to a homeowner regarding a violation or violations of this provision, then the Association may require the homeowner to arrange for and maintain adequate garbage removal services sufficient to remove from the site both refuse generated in the ordinary course of occupying the site and extraordinary items that are to be disposed of, in accordance with rules established by the provider and as may be established from time to time by the Association, which service shall include the removal at least weekly of solid waste by the solid waste service provider authorized by Washington County for such period of time as may be required by the Association.

Every building, fence, wall or other structure placed on any part of the Property shall be constructed of new material, unless the use of other than new material shall have received the written approval of the Association. No buildings constructed elsewhere shall be moved to or placed on the Property except with the written approval of the Association.

Under no circumstances may gravel be used for a driveway or parking surface. Owners shall be given until November 1, 1995 to bring their Building Sites into compliance with the requirements of the previous two sentences.

(2) The approval of said plans and specifications may be withheld not only because of their noncompliance with any of the specific conditions, covenants and restrictions contained in this Declaration, but also because of the dissatisfaction of the Association with any or all other matters or things which, in the judgment of the Association, would render the proposed structure or improvement inharmonious with the general plan of improvement of the Property or neighboring properties or with the structures or improvements erected on other Building Sites in the immediate vicinity of the Building Site upon which said structure or improvement is proposed to be erected.

(3) No existing Single Family Dwelling House or, if permitted by these restrictions, a duplex or four-plex dwelling, shall be demolished or removed from the Property unless an application for such removal or demolition has been submitted to and approved in writing by the Association. The Association may issue a certificate of completion and compliance as to any property so inspected.

(d) The records of the Secretary of the Association shall be conclusive evidence as to all matters shown by such records and the issuance of a certificate of completion and compliance by the Secretary of the Association showing that the plans and specifications for the improvements or other matters herein provided for have been approved, and that said improvements have been made in accordance therewith, or a certificate as to any matters relating to and within the jurisdiction of the Association by the Secretary thereof, shall be conclusive evidence that shall fully justify and protect

any title company certifying, guaranteeing or insuring title to said property, or any portion thereof, or any lien thereof and/or any interest therein as to any matters referred to in said certificate, and shall fully protect any purchaser or encumbrancer in acting thereon. After the expiration of one year following the issuance of a building permit therefor by municipal or other governmental authority, any structure, work, improvement or alteration shall, as to any purchaser or encumbrancer in good faith and for value and as to any title company which shall have insured the title thereof, be deemed to be in compliance with all the provisions hereof, unless a notice of noncompliance executed by the Association shall have appeared of record in the office of the County Clerk of Washington County, State of Oregon, or unless legal proceedings shall have been instituted to enforce completion or compliance.

(b) Except as set forth in subsections (1) and (2) below, each Dwelling House, garage or other structure placed, erected or constructed and maintained upon the Property shall have a Setback of not less than five feet from each side and rear line of the Building Site on which it is located. Notwithstanding the foregoing:

(1) If approved in advance by the Association, fences, hedges, walls and similar structures, runways, walkways, basketball backboards and their supports, ground level slabs and decks and portable structures may be placed, erected or constructed and maintained within the minimum Setbacks, provided, however, all other conditions of these restrictions have first been met and subject to the obligation of the owner of the Building Site to remove such construction or structure at the owner's expense within twenty days of receipt of written request therefor from the Association setting forth the reasons for such request;

(2) If approved in advance by the Association, driveways may be placed, erected or constructed and maintained within the minimum Setbacks, provided, however, all other conditions of these restrictions have first been met and subject to the obligation of the owner of the Building Site to remove such driveway at the owner's expense, to the extent necessary to permit the use of any easement affecting the set back area covered by such driveway and to otherwise comply with all conditions of the Association's approval of such driveway, within twenty days of receipt of written request therefor from the Association setting forth the reasons for such request; and

(3) Four-plex dwellings within Plat 16-Duplex and 18-Duplex, which, when constructed on two of the Building Sites shall, except for the sides of said Building Sites which form the common line between said Building Sites, have a Setback of not less than five feet from each of the side and rear lines of the Building Sites on which it is located.

(2) \$280.50 for each Building Site in plats designated as street lighted plats on Exhibit A, except duplex or four-plex Building Sites, which shall be not more than \$211.50 for each dwelling unit thereon,

provided, however, that the Association, when authorized to do so by a resolution adopted by a majority of members present in person or by proxy, at a meeting called for that purpose upon such notice as may be prescribed by the Bylaws of the Association, may increase or authorize to be increased by the Association said maximum annual charge or assessment. Said annual charge or assessment, when imposed, shall be upon and against each Building Site subject thereto and the whole thereof.

(c) The right to levy, fix (subject to the limitations herein prescribed), collect and enforce the collection of such charges or assessments, including interest thereon, and expend the same, shall be vested in the Association. In the event the Association shall file a notice of lien, the lien amount shall also include the recording fees associated with filing the notice, and a fee for preparing the notice of lien established from time to time by resolution of the Board of Directors of the Association.

(d) Each such annual charge or assessment shall be (1) fixed in advance on or about the 1st day of July of each year, covering the ensuing twelve months ending the 30th day of June of the following year; (2) due and payable on the 15th day of November in the year in which it is fixed, and (3) be delinquent if not paid on or before the 15th day of November in which it is fixed and bear interest at 10% per annum or such other rate as may from time to time be established by resolution of the Board of Directors but not to exceed the lawful rate of interest under the laws of the State of Oregon.

(e) The aggregate amount of such annual and individual assessments and charges with interest as aforesaid shall constitute a lien on the whole Building Site with respect to which it is levied. Such lien may be enforced by the Association in the manner provided by law. The property owner shall be liable for the expenses, costs and disbursements, including reasonable attorney fees, of the Association of processing and, if necessary, enforcing such liens, all of which expenses, costs and disbursements and attorneys' fees shall be secured by such lien. In the event of foreclosure of

such lien the property owner shall be liable for all costs and disbursements together with reasonable attorney fees of the Association, all of which costs, disbursements and fees shall be secured by such lien. The Secretary of the Association may file for recording in the appropriate public records of Washington County, State of Oregon, a statement of the amount of any charges and assessments, together with interest as aforesaid, which have become delinquent with respect to any portion of the Property and upon payment in full thereof shall execute and file a proper release.

(f) The Association may assess charges and levy assessments directly against a Building Site (“individual assessments”) for (1) charges for services provided under Article VII(c); (2) assessments levied against any Building Site for costs (including attorney fees) incurred in bringing any Building Site or its owner into compliance with the provisions of this Declaration, or the policies, rules and regulations of the Association; and (3) fines or other charges imposed pursuant to this Declaration or resolution of the Board of Directors. Unless otherwise provided by the Board of Directors, individual assessments shall be due thirty (30) days after the Board of Directors has given written notice thereof to the owner(s) of the Building Site subject to the individual assessment.

(g) The purchasers of portions of the Property by the acceptance of deeds therefor or by the signing of contracts or agreements to purchase the same, whether or not so expressed in any such conveyance, shall become personally obligated to pay such charges or assessments, including interest, expenses or attorney fees imposed pursuant to Article X upon the portion or portions of the Property purchased or agreed to be purchased by them, and shall thereby become subject to the right and power of the Association to institute proceedings for the collection of such charges, assessments and interest and the enforcement of the liens securing the same. Such assessments and charges, together with any interest, expenses or attorney fees imposed pursuant to Article X, shall be a charge on the land and a continuing lien upon the property against which each assessment or charge is made. Such rights and powers shall continue in the Association, and such obligations shall run with the land so that the successor owner of record of any portion of said property, and the holder or holders of contracts or agreements for the purchase thereof, shall in turn become liable for the payment of such charges or assessments together with interest on such as may have become delinquent.

ARTICLE IX

(a) In construing this Declaration or any part thereof, stipulations which are necessary to make this Declaration or any of its terms or provisions, reasonable, are implied.

(b) The determination by any court that any of the provisions of this Declaration are unlawful or void shall not affect the validity of any of the other provisions hereof.

(c) All of the conditions, restrictions and charges set forth in this Declaration are imposed upon the Property for the direct benefit thereof and of the owners thereof as a part of the general plan of development, improvement, building, occupation and maintenance adopted therefor by the original owners and developers of Cedar Hills, and hereby adopted and ratified by the Association and the members thereof; and such conditions, restrictions and charges shall run with the land and continue and be in full force and effect, until July 1, 1996, and shall, as then in force, be continued

automatically and without further notice from that time for a period of 25 years and thereafter for successive periods of 25 years each without limitation as to each plat unless at least two years prior to July 1, 1996, or at least two years prior to the expiration of any successive twenty-five year period thereafter, a written agreement executed by the then record owners of 75 percent or more in area of a plat then subject to this Declaration, exclusive of Streets, parks and open spaces, be placed on record in the office of the County Clerk of Washington County, Oregon, changing, modifying or extinguishing any of said conditions, restrictions or charges as to all or any part of the plat then subject thereto in the manner and to the extent therein provided, in which event the unextinguished, unchanged, and unmodified conditions, restrictions and charges and the conditions, restrictions and charges as therein changed or modified shall continue in force for successive periods of twenty five years each unless and until further changed, modified or extinguished in the manner herein provided, provided, however, that said conditions, restrictions and charges, or any of them, may be changed, modified or extinguished at any time by an instrument executed by the Association, acting by its President and Secretary, under authority of a resolution to that effect adopted by a majority of seventy-five (75%) percent or more of the votes cast in favor of such resolution at any meeting of the members of the Association called for that purpose upon such notice to said members as may be prescribed by the Bylaws of the Association. The foregoing provisions in this subparagraph (c) contained shall not affect the perpetual utility easements hereinbefore reserved.

(d) Said annual charges or assessments may nevertheless be terminated as to any plat on July 1, 1996 or on the first day of any year thereafter, with the written consent of the owners of record of at least seventy-five (75%) percent or more in area of said plat then subject to said charges or assessments.

ARTICLE X

In the event the Association employs an attorney to enforce or restrain a violation of this Declaration, or any provisions thereof, even if no suit or action is commenced and in any bankruptcy proceeding in connection therewith, or to collect any money due hereunder, or in connection with, or to foreclose a lien, the Association shall be entitled to its attorneys' fees incurred therewith, and in any legal or equitable proceedings by the Association or the owner or owners of any portion of the Property, or their and each of their legal representatives, heirs, successors and assigns, for the enforcement or to restrain a violation of this Declaration or any provisions hereof, the losing party shall pay to the prevailing party such attorneys' fees as the trial court may deem reasonable in such suit or action, and, if any appeal is taken, the prevailing party's reasonable attorneys' fees on appeal. All such charges shall constitute a lien on the whole Building Site with respect to which they were incurred in accordance with the provisions of Article VIII of this Declaration. However, nothing contained in this Declaration shall be deemed to vest or reserve in the Association any right of reversion or re-entry for breach or violation of any one or more of the provisions hereof.

ARTICLE XI

The provisions contained in this Declaration shall bind and inure to the benefit of and be enforceable by the Association, and the owner or owners of any portion of the Property, and their

and each of their legal representatives, successors, heirs and assigns, and failure by the Association or by any of the property owners or their legal representatives, heirs, successors or assigns to enforce any of such conditions, restrictions or charges herein contained shall in no event be deemed a waiver of the right to do so. An election by the Association to pursue any remedy provided for violation of this Declaration shall not prevent concurrent or subsequent exercise of another remedy permitted under this Declaration. The remedies provided in this Declaration are not exclusive but shall be in addition to all other remedies, including actions for damages and suits for injunctions and specific performance, available under applicable law to the Association.

IN WITNESS WHEREOF, the undersigned president and secretary of the Association hereby execute this Restated Declaration of Restrictions in behalf of the Association as of the date first set forth above and certify that this Declaration includes all previously adopted amendments in effect and no other changes except to correct scrivener's errors and to conform format and style and except as required to comply with ORS 94.590.
